Hi Chris,

Thanks for making our visit last week so productive on SC2 for St Louis. Very useful and appreciated your courtesy and preparation.

I'm attaching the op-ed I authored for the Post-Dispatch on FUSRAP/West Lake Landfill NPL. It will appear later this week.

I'd like to talk again about the ask I made that the District consider sharing its views on FUSRAP for West Lake, in concert with EPA. Next week work for you? With the weekend incident at the neighboring Bridgeton Landfill (a state lead project), I am sure the political interest in a FUSRAP handoff from EPA to the Corps will intensify. Your views would be important.

Cheers,
